LIGHTING CATALOG COMPOSER 2022

Create, customise
and save your technical file

Palazzoli
LUCE D'AUTORE

THE LIGHTING CATALOG COMPOSER
allows you to customise, create, save, and send your technical files in pdf format.

The software is available online at the following link:

hiips://www.palazzoli.com/en/composer

This software allows you to create electronic documents to describe in detail the design choices through the pdf pages of the Lighting Catalogue 2022 and the always updated datasheets of the lighting products.

Compatible with the most popular current browsers as Google Chrome, Apple's Safari, Microsoft Edge, and Mozilla Firefox.
The software is hosted on the palazzoli.com website and can be reached from the home page by clicking on the "CATALOG COMPOSER" link.

The search
At the page opening, you will find the indexes of families and products:

The online catalogue can be browsed in the following ways:

1) By clicking on the product photograph;
2) By clicking on the page number;
3) By browsing the catalogue with the mouse or keyboard.

4) Search by code (e.g. 834310);
5) Search by type (e.g. floodlight);
6) Search by series name (e.g. FIT 55);
7) Search by page (e.g. 199);

Create your file

When the page of interest is highlighted on the screen,
by clicking on the + command located at the top right of the pages,
you start the process of creating your technical file.

By adding pages with the + command,
the pages are inserted in the "Create your booklet" area:

Dedicated dynamic datasheets can be added by clicking on the product code:

Pages in your technical file can be moved or deleted.

When you have finished inserting the lighting catalogue pages and datasheets, you can save the booklet.
